Congresswoman Anna Eshoo
698 Emerson Street
Palo Alto, California 94301

During the third week of November, I got very dizzy and had a severe headache. I have no memory of what I did wrong, but my computer screen went blue and became inoperable. I took it for repair, but lost almost everything that was on my C drive, including emails. I have recreated some of my files, but cannot connect to the internet. All I have is email, but none of any prior email.

I was communicating via email with someone at your office – perhaps her name is Cathy? She had provided info on which government agency I should send my report regarding BAE Systems. She also stated that I would receive info from the taxpayer advocate, but I have not. I am very concerned that IRS will soon begin attaching my Social Security retirement. It was approximately 2½ months ago that I requested this information from Tina Fleming - Senior Associate Advocate! Also, I never received any response to the letter sent on 9/5/2014 to Tiffany Todaro, Area Manager – Oakland. PLEASE refer to “***I feel that I should have a right to know...***” on Page 2. I feel that my questions are legitimate and should be addressed! **But my most important request of all is to get justice for my wife.** Please refer to “***Form 8857 Request for Innocent Spouse Relief***” on Page 3.

Last week I received a call from Anthony regarding my Student Loan. I called back the next day, and provided another email address c-man@best-service.com, as he said that he attempted an email to cg@charlyslife.com that was rejected. Since then, I have received no emails from your office.

Enclosed, please find the document Tiffany Todaro. Area Manager - Oakland and the email and documents that I sent to Secretary of Education Arne Duncan this morning.
